Sentry II

Residential Water Softener with an Electronic On-Demand Metered System

On-Demand Sentry II Water Softener

What is an on-demand water softener?

Your Sentry II is equipped with a microprocessor that keeps track of the amount of water used each day and adjusts itself to match your needs. If you begin using more or less water, the system automatically adjusts to the change in water usage. This means the water softener is meeting your demands for conditioned water in a customized way. You don't have to do a thing! The system does not regenerate unless it needs to. This saves you up to 50% in salt and uses less water making it economical and efficient too. The Sentry II uses state of the art equipment to provide you with a superior product and a continuous supply of conditioned water.

Three Reasons to Own a Sentry II Water Softener

Efficient

Top Quality

Economical

BENEFITS OF USING THE SENTRY II WATER SOFTENING SYSTEM

Dishwasher Performance

Using the Sentry II water softener will improve the performance of your dishwasher by preventing the buildup of mineral deposits in the water system. It will also provide cleaner dishes and help reduce spotting and residue.

Laundry and Washing Machines

When you use a Sentry II water softener your clothes will last longer, the colors will stay brighter and the clothing will be cleaner and softer. It will extend the life of your washer as well by preventing mineral buildup and scale. It also saves money by using less detergent and soap by up to 70%!

Hair and Skin

Do you have sensitive skin? Dry, tangled hair? Conditioned water helps reduce skin irritations and adds a healthy luster to hair leaving it soft and easy to groom. You will use less shampoo and conditioner too.

Shower and Bathtubs

When you use a Sentry II water softener your faucets, shower tile and glass will look better and feel cleaner because conditioned water removes much of the mineral deposits that leave your faucets spotty and your shower scaly.

Make the best choice for your home and family: A Sentry II Water Softener
